Miele **ForeverCare**

Since 1899, Miele has been proud to produce premium products that live up to our mantra, ”Immer Besser” – a German phrase meaning, ”Forever Better.” Now we’re committed to providing a level of customer service that is as exceptional as the products themselves.

What is Miele ForeverCare?

Miele provides unique advantages to our customers with a combination of features unparalleled in the appliance category, namely:

Manufacturer-Direct Service

If you ever have a problem with your Miele machine, it’s our own Miele Factory Service Technicians who take care of it. Most problems can be solved on the first visit, as we know the exact model you have and carry the genuine Miele parts you will need.

Extended Warranty from the Manufacturer

We want you to enjoy a long and trouble-free experience with our machines. In addition to the standard warranty, we have Miele Extended Warranties. This direct offer from Miele allows you to increase your hassle free coverage up to ten years. The extended warranty relationship remains directly with Miele, so you can deal with us if you have any issues.

Miele Delivery

We offer delivery to your home ourselves. We want to be with you every step of the way, and your delivery is tracked with GPS so we can provide you with a nearly exact time of delivery.

Miele Cleaning & Care

To ensure you make the most of your Miele appliance, we’ve created a range of everyday and specialty products available for purchase. From laundry detergent, to dishwasher tablets, to a variety of cooking accessories, these products are designed specifically for your appliance, ensuring better results and a longer, hassle-free, lifespan.

Miele Certified Installation Program

We want your machine to work perfectly from the first time you use it. So we offer Miele Certified Installation in your home ourselves, with our fully Miele Certified Installation Team. Installation can be organized through the Miele Customer Care Centre, and when you choose Miele Certified Installation you will receive an additional year (total 2 Yr) manufacturer’s warranty on the appliance and the installation.
