

# Miele Compact Laundry

## Laundry Collection

Since its first laundry machine was built in 1900, Miele has been helping customers care for their clothes professionally at home. Made in Germany, every innovation in our machines, like our patented honeycomb drum, is engineered not only to clean clothes better, but also to make clothes last longer by reducing fabric strain and wear. Even more, all Miele washers and dryers are tested to last the equivalent of twenty years. So treat your clothes to an unsurpassed level of professional care right in your home.

### FEATURES

#### FABRIC CARE

- Microprocessor adjusts washing and drying conditions to best care for specific types of fabric, including cycle duration, temperature, and spin speed.
- Patented Honeycomb\* drum reduces the size and number of water jet holes, virtually eliminating the possibility of snags, and maintaining a cushioning layer of water between the clothes and the drum. The honeycomb drum ensures similar gentleness in the dryer, too.
- High water temperature option allows for powerful cleaning results without the use of harsh chlorine bleach.
- To eliminate damage due to over-drying, while also saving energy, Miele dryers use moisture sensors rather than timers to stop the load once the load is dry. The drum in a Miele dryer also rotates in both directions. This functionality ensures even drying, and reduces wrinkling due to roll-ups.
- Accompanying Miele CareCollection line of detergents is tailored for any type of fabric, from delicate woolens to advanced sports performance materials.

#### EFFICIENCY

- Load sensors determine the size of load, adjusting water volume accordingly. This allows even small loads to be washed with limited energy and water.
- All Miele washers are EnergyStar rated.

#### RELIABILITY

- Every Miele machine is designed and tested to last for 10,000 wash cycles, ensuring hassle-free operations for decades.
- Made in Germany.

#### CONVENIENCE

- The 5.5 KG drum can accommodate a large variety of load sizes, from a queen-size comforter to a few delicacies.
- Intuitive Touchtronic controls allow you to easily select the right program for all kinds of textiles. A memory function remembers the settings for each program.
- Internal sensors ensure that washing loads are balanced.
- A large door, angled drum and LED lighting make loading and unloading easy.

#### DESIGN

- An enameled front panel ensures that each washer and dryer will maintain their timeless appearance for years to come.

\*W1612 has a microperforated drum.

## What is Miele ForeverCare?

Miele provides unique advantages to our customers with a combination of features unparalleled in the appliance category, namely:

### Manufacturer-Direct Service.

If you ever have a problem with your Miele machine, it's our own Miele Factory Service Technicians who take care of it. Most problems can be solved on the first visit, as we know the exact model you have and carry the genuine Miele parts you will need.

### Extended Warranty from the Manufacturer.

We want you to enjoy a long and trouble-free experience with our machines. In addition to the standard warranty, we have Miele Extended Care Certificates. This direct offer from Miele allows you to increase your hassle free coverage up to ten years. The extended warranty relationship remains directly with Miele, so you can deal with us if you have any issues.

### Miele Custom Plans.

The chart below illustrates how you can upgrade the benefits of ForeverCare.

### Manufacturer Delivery and Installation.

We want your machine to work perfectly from the first time you use it. So we offer delivery and installation in your home ourselves, with our fully Miele-dedicated service team. Installation can be organized within 48 hours of ordering through the Miele Customer Care Centre, and your delivery is tracked with GPS so we can provide you with a nearly exact time of delivery.

### Miele CareCollection.

To ensure you make the most of your Miele appliance, we've created a range of everyday and specialty products available for purchase. From laundry detergent, to dishwasher tablets, to a variety of cooking accessories, these products are designed specifically for your appliance, ensuring better results and a longer, hassle-free, lifespan.
