Miele

KEY BENEFITS

TRADITION

A 110-year old family tradition of crafting superior, groundbreaking products that exemplify 'Immer Besser' - 'Forever Better'. In 2008, Miele also celebrated 80 years of quiet and spotless care for priceless tableware. Miele, the premium German appliance brand.

VERSATILITY

Every square inch of space is maximized to easily hold up to **16 place settings** and unique items like champagne flutes, oversized bowls and pots and pans. The **world's first third-level cutlery tray**, positioned immediately below a third spray arm, ensures thorough cleaning of each knife, fork and spoon.

PERFORMANCE

Tested to run for 12,500 hours non-stop, the Crystal's combination of **6 washing programs** operating at temperatures up to 75° Celsius, **3 spray arms and two heavy-duty pumps** mean that dirty dishes don't stand a chance.

Power is not everything though. A **built-in water softener** combined with Miele's **China & Crystal program** allows the Crystal to make delicate tableware sparkle. Miele combines thorough cleaning with environmental awareness: all our dishwashers are **EnergyStar certified** and use a fraction of the water required for hand washing. With a **delay start** that can be set up to 24 hours in advance, programs can be run when it's most convenient.

DESIGN

Whether you want your dishwasher to stand out, or blend into the surrounding cabinetry, the Crystal's **prefinished or fully-integrated design** options mean that it will fit into any kitchen. The use of the highest quality materials and exhaustive testing in acoustic laboratories enable Miele dishwashers to be seen but not heard.

CONTROLS

Intuitive **Touchtronic controls** of prefinished models are located on the front of the dishwasher. On fully-integrated models, they are on top of the door, hidden away when it's closed.
