The All New G5000 Dishwasher Collection

Since the first one was built in 1929, Miele dishwashers have become the standard in busy kitchens around the world. That's because every dishwasher we make is built in Germany to the highest standards of heavy-duty performance, quiet operation, and economical water and energy consumption. We test all of our dishwashers to last the equivalent of twenty years to ensure industry-leading reliability. For a dishwasher that stands up to the rigors of your kitchen, look no further than Miele.

Miele

KEY BENEFITS

TRADITION

A 110-year old family tradition of crafting superior, ground breaking products that exemplify 'Immer Besser' - 'Forever Better'. In 2008, Miele also celebrated 80 years of quiet and spotless care for priceless tableware. Miele, the premium German appliance brand.

VERSATILITY

Every square inch of space is maximized to easily hold up to **16 place settings** and unique items like champagne flutes, oversized bowls and pots and pans. The **world's first third-level 3D cutlery tray**, positioned immediately below a third spray arm, ensures thorough cleaning of each knife, fork and spoon.

PERFORMANCE

Tested to run for 12,500 hours non-stop, the Dimension's combination of **6 washing programs** operating at temperatures up to 75° Celsius, **3 spray arms and two heavy-duty pumps** mean that dirty dishes don't stand a chance. Pressing the **new turbo button** can reduce cycle times by up to 30%.

Power is not everything though. A **built-in water softener** combined with Miele's **China & Crystal program** allows the Dimension to make delicate tableware sparkle. Miele combines thorough cleaning with environmental awareness: all our dishwashers are **EnergyStar certified** and use a fraction of the water required for hand washing.

DESIGN

Whether you want your dishwasher to stand out, or blend into the surrounding cabinetry, the Dimension's **prefinished, integrated and fully-integrated design** option means that it will fit into any kitchen. The use of the highest quality materials and exhaustive testing in acoustic laboratories enable Miele dishwashers to be seen but not heard.

CONTROLS

Intuitive **Touchtronic controls** of prefinished and integrated models are ergonomically located on the front of the dishwasher. On fully-integrated models, they are on top of the door, hidden away when it's closed. The Dimension's controls also feature a **digital time remaining display** and **delay start**.

What is Miele ForeverCare?

Miele provides unique advantages to our customers with a combination of features unparalleled in the appliance category, namely:

Manufacturer-Direct Service.

If you ever have a problem with your Miele machine, it's our own Miele Factory Service Technicians who take care of it. Most problems can be solved on the first visit, as we know the exact model you have and carry the genuine Miele parts you will need.

Extended Warranty from the Manufacturer.

We want you to enjoy a long and trouble-free experience with our machines. In addition to the standard warranty, we have Miele Extended Care Certificates. This direct offer from Miele allows you to increase your hassle free coverage up to ten years. The extended warranty relationship remains directly with Miele, so you can deal with us if you have any issues.

Miele Custom Plans.

The chart below illustrates how you can upgrade the benefits of ForeverCare.

Manufacturer Delivery and Installation.

We want your machine to work perfectly from the first time you use it. So, we offer delivery and installation in your home ourselves, with our fully Miele-dedicated service team. Installation can be organized within 48 hours of ordering through the Miele Customer Care Centre, and your delivery is tracked with GPS so we can provide you with a near exact time of delivery.

Miele CareCollection.

To ensure you make the most of your Miele appliance, we've created a range of everyday and specialty products available for purchase. From laundry detergent to dishwasher tablets and a variety of cooking accessories, these products are designed specifically for your appliance, ensuring better results and a longer hassle-free lifespan.
