Miele S500 Blue Star

Vacuum Cleaner

All of our German engineered vacuum cleaners are quiet, stylish, and incredibly powerful. Plus their superior suction, state-of-the-art filters and HEPA certified sealed system trap 99.9% of dust particles. The Blue Star vacuum cleaner performs exceptionally well on tiled and wood floors, as well as wall-to-wall carpeting and area rugs.

Miele

HEPA-Certified Sealed System

The HEPA-Certified Sealed System combined with a 12-stage filtration means the air leaving the vacuum is cleaner than the ambient room air.

Ergonomic vacuuming height

Cleaning with your vacuum cleaner set to the wrong height forces you to bend over and can really make your back ache. The telescopic suction tube on a Miele can be adjusted for a comfortable working height so you avoid straining yourself.

Six-level power adjustment

The Six-level Power Adjustment is intended for different types of surfaces, such as rugs, carpets, drapes or hard floors. The intuitive graphic display indicates the power level best suited to each type of surface.

Excellent maneuverability

The three smooth-running 360° castor wheels mounted on steel axles ensure maximum stability and maneuverability for your vacuum cleaner. They are cleverly designed with a travel ramp to help you manoeuvre your vacuum cleaner easily over thresholds and around obstructions.

Miele S500 Blue Star

Vacuum Cleaner

FEATURES

MODEL	S518
COLOUR	Royal Blue
OPERATING RADIUS	10 m (33 ft)
WEIGHT	9.5 KG (21 lbs)

KEY BENEFITS

AGILITY

When designing our vacuum cleaner family, we evaluated the design from every angle, incorporating 3-point steering and a travel ramp.

- Maximum agility
- Durable bumper strip to protect furniture against impacts.

CONVENIENCE

With a whole host of practical features, the Blue Star is the effortlessly convenient vacuum cleaner.

- Designed with fully integrated on-board accessories
- Parking system for quick breaks
- Easy setting with Six Step Dial

PERFORMANCE

The Blue Star boasts excellent cleaning performance.

- An impressive 1200 W of suction power gives exceptional cleaning performance
- An operating radius of up to 10 metres (33 feet)

HYGIENE

The Blue Star has an excellent filtration system and a FilterBag designed for first-class hygiene.

- A filtration system that locks dust particles in an air tight casing
- The 4 litre FilterBag is designed to deliver optimum hygiene control
- Each bag consists of 9 layers of fleece material

RELIABILITY

Like all Miele products, the Blue Star has been designed and tested for long-term reliability.

- Designed for up to 20 years of use

The Miele Gallery

Miele Galleries are training and consultation centres open to the public located in three cities across Canada: Montreal, Toronto, and Vancouver. For detailed information, please visit our website at miele.ca.
