Welcome to Miele

IMMER BESSER (forever better) – our pledge

When our two great grandfathers founded the Miele company, they had to make sure they stood apart from the competition in order to be successful. There are effectively only two ways of doing this: either by being cheaper than the rest or by being better than the rest. It is not really possible to be both at the same time.

They decided to be “better“ than the rest.

Numerous best in class awards and certificates attest to the fact that Miele has continued to renew its commitment to being “Immer Besser“ (Forever better) throughout the past 115 years. However, the millions of satisfied customers around the world are perhaps the most important endorsement.

At the heart of this success lies a continuity of values and goals which are typically only found in companies which have been family-run for generations, rather than in businesses which are guided by the often short-term interests of the stock market.

It is in this sense that Miele has embodied first-class product quality and German engineering since 1899. Miele also stands in equal measure for respect, fairness and mutual esteem towards sales partners, customers, suppliers, employees and neighbours. Buying a Miele is an environmentally friendly decision. We ensure this by using methods of production that save resources as well by producing products which set new standards in terms of their consumption of electricity, water and detergent – and save you money at the same time.*

As directors and co-proprietors of the fourth generation of our business we promise you that this will not change.

Dr. Markus Miele

Dr. Reinhard Zinkann

Immer Besser (Forever Better)

Our Brand Promise

There are many good reasons for choosing Miele.

Since the company was founded in 1899, Miele has remained true to its "Immer Besser" (Forever Better) brand promise. This means that we will do all that we can to be "Immer Besser (Forever Better) than our competitors and "Immer Besser" (Forever Better) than we already are. For our customers this means the peace of mind of knowing that choosing Miele is a good decision – and probably the decision of a lifetime!

Miele Quality

Over the last 100 years, Miele has successfully earned the trust of consumers around the globe. Miele is the only manufacturer in the industry to test products such as our washing machines, tumble dryers, dishwashers and ovens to the equivalent of 20 years of use. Once a Miele, always a Miele. Miele customers around the world remain loyal to Miele and recommend Miele to others. Looking to the future, we promise not to entertain any compromises when it comes to the dependability and durability of our appliances.

Miele Technology

Miele believes in achieving the best results while using the least amount of energy possible. This simple principle applies to all Miele categories - whether cooking or cleaning. The key is a wealth of innovative features that yield the best results and support low energy consumption. As a world-wide technology leader, achieving top scores in both performance and efficiency tests, Miele is always looking towards the future needs of tomorrow's consumer.

Miele Convenience

Whether conventional rotary switch, discreet sensor controls or a high-resolution touch display like the one on your smart phone, operating a Miele is both easy and fun. Add to this a multitude of convenient and reliable automatic programs in both laundry and kitchen appliances. Make life easier for yourself with Miele!

Miele Design

Clean lines and a European-inspired look define Miele appliances, creating a timeless and elegant design. Nowhere else will you find such a comparable range of matching built-in kitchen appliances that suit even the most diverse interior designs. Great care was taken by the Miele design team to coordinate appliance design across the entire product range, making Miele appliances the perfect choice for any home.

Miele Service

Since 1899, Miele has been dedicated to creating extraordinary products that live up to our mantra, "Immer Besser" - a German phrase meaning "Forever Better". With ForeverCare, we've applied this same philosophy to our customer care practices. But ForeverCare is more than just a concept - it's a guarantee. A guarantee that our commitment to you will extend far beyond the point of purchase. Rather, we'll provide unparalleled service throughout the very long life of your machine. From payment, to delivery, to installation, to service we'll make sure your needs are always well taken care of.

The Miele Brand

In many countries, Miele is the most coveted brand in its industry. In its home market in Germany, Miele was even voted "Best Brand Ever" in 2013 across all product categories. Miele customers have high expectations for the performance and the environmental friendliness of their household appliances. This is a reflection of the standard of excellence that Miele holds itself to. People who choose Miele care about quality and are design-conscious.

CombiSets – Modular Cooking

Miele CombiSets

CombiSets

Each CombiSet can be installed independently of an oven in a kitchen unit. The space underneath the CombiSets can be used for drawers or cupboards, depending on the model. This allows you versatility when planning your kitchen.

CombiSet Configurations

Miele CombiSets

Miele CombiSets are available with electric, induction and gas heat. There's a cooktop for every style of cooking.

Induction

With induction cooking, the heat is generated directly in the pan base. The size of the pan is automatically recognized. The advantage: practically no energy is lost. Cooking is particularly safe as the areas surrounding the cooking zones stay relatively cool. Miele induction cooktops also offer a number of high-end features for added user convenience.

Gas

Miele gas CombiSets are available in 2 widths and with various features. As with traditional gas cooktops, immediate responsiveness creates a controlled cooking environment for creating any dish.

Miele CombiSet Widths

Do you like cooking with just a few pans or do you enjoy conjuring up lavish meals with many? Miele offers two appliance widths which depend on the CombiSet heat element. They can be combined to create your personal cooking space. You can create your own appliance combination and will always have enough space for your cookware.

Classic
11.5" mm wide

Convenient
15" wide

Customizable Cooking Options

The Exotic Range of Miele CombiSets

Lavish cooking requires professional technology. Miele offers unique CombiSet cooking surfaces such as the Tepanyaki, induction wok, barbecue grill and much more to satisfy the most sophisticated of cooking methods. Discover new methods to preparing exciting meals!

Induction Wok

The Miele wok pan sits in a custom-designed trough - for optimum heat distribution. The intelligent ControlInduc® system prevents oil and fat from overheating. The Miele induction wok also offers special user benefits such as booster technology.

Electric Barbecue Grill

Meat, fish or vegetables prepared on the grill are particularly tasty. Two separate grill zones with independent controls allow you to grill and keep food warm at the same time. Using the grill with water will make your food even more succulent. Using lava rock will give food the authentic aroma of an outdoor barbecue.

TepanYaki

Food is cooked directly on the hot stainless steel surface. The Miele TepanYaki has two heating elements which can be used separately. Different dishes can be cooked or kept warm at the same time using different temperatures.

Product Features

Miele CombiSet appliances emanate style and convenience. Despite each appliance working independently of one another, all look as if they harmoniously fit together. Installed next to each other, they create a uniform and elegant ensemble. A design highlight in any kitchen!

Appliance Widths

Choose between two widths to allow you to mix and match according to your needs.

Stainless-Steel Frame

Uniform frame design. No matter which CombiSet units are installed, they always match each other perfectly.

Rotary Dial Controls

Metal rotary dial controls* complement the design style of the CombiSet cooktops.

Raised Control Panel

The ergonomically arranged control panel simplifies operation.

Indicators

The display contains up to three types of indicators.

*Features vary depending on model.

Miele CombiSet Product Highlights

GasStop & ReStart

Auto-re-ignition of extinguished gas flames. Should this prove unsuccessful, the gas supply is turned off immediately for safe cooking.

QuickStart

Convenient rotary electronic controls switch the burners on, therefore no need to press or hold the control.

Safety Switch-Off

For peace of mind, automatic gas shut-off in the event of excessively long operation.

TwinBooster

Induction output can be individually distributed or used for one single zone.

Keep-Warm Function

Keep food warm without burning on as the temperature in the base of the pan is monitored and adjusted to the ideal temperature.

Useful Information

Miele CombiSet Glossary

Appliance Widths

Miele offers two appliance widths, depending on the CombiSet heating element, which can be combined to create your personal cooking space. You can create your own appliance combination and will always have enough space for your cookware.

Extended Zone

It is possible to place not only round but also rectangular cookware on the extended zones of the Miele CombiSet appliances. Both electric cooktops and induction cooktops are equipped with extended zones.

GasStop & ReStart

The gas flame can be extinguished by a draught or pans boiling over. The electronics recognize this and initiate an automatic re-ignition. If the flame does not re-ignite, the gas supply is switched off immediately - easy and safe.

Raised Control Panel

Another characteristic of the uniform CombiSet appearance is the ergonomically raised control panel. This makes operation easier and ensures a sleek appearance.

Indicators

Each CombiSet element has a display with up to three different indicators (e.g. residual heat) for safe and effective preparation of food.

Keep-Warm Function

With this function you can keep dishes warm in an ideal way, independent of the quantity. By intelligently monitoring the temperature in the base of the pan, food is kept at serving temperature without burning. As a result, you can concentrate solely on cooking the rest of the meal.

QuickStart

No need to press or hold the control. All CombiSet gas appliances can be switched on easily and conveniently.

Rotary Dial Controls

The premium metal rotary controls emphasize the professional nature of the appliances.

Safety Switch-Off

Automatic gas shut-off in the event of excessively long operation. This guarantees your safety - and a feeling of reassurance.

Stainless-Steel Frame

All Miele CombiSet elements are framed in solid stainless steel. The frame design is uniform for the entire product range therefore CombiSet elements can be combined perfectly.

TwinBooster

Concentrated power for faster heating up! The TwinBooster function is a Miele exclusive. It allows for more flexibility when cooking, as the induction power can be individually distributed. The power of two cooking zones can be combined into a single zone when needed.

Vario Zone

With Vario cooking zones different sized pans can be placed anywhere on the cooktop.

 Please ask your Miele Chartered Agent for more information or go to miele.ca

What is Miele ForeverCare?

Miele provides unique advantages to our customers with a combination of features unparalleled in the appliance category, namely:

Manufacturer-Direct Service

If you ever have a problem with your Miele machine, our own Miele Factory Service Technicians will take care of it. Most problems can be solved on the first visit, as we know the exact model you have and carry the genuine Miele parts you will need.

Extended Warranty from the Manufacturer

We want you to enjoy a long and trouble-free experience with our machines. In addition to the standard warranty, we have Miele Extended warranty. This direct offer from Miele allows you to increase your hassle-free coverage up to 10 years. The extended warranty relationship remains strictly with Miele, so you can deal directly and exclusively with us if you have any issues.

Miele Custom Plans

The chart below illustrates how you can upgrade the benefits of ForeverCare.

Manufacturer Delivery and Installation

We want your machine to work perfectly from the first time you use it. So, we offer delivery and installation in your home ourselves, with our Miele-dedicated service team. Installation can be organized within 48 hours of ordering through the Miele Customer Care Centre, and your delivery is tracked with GPS so we can provide you with a near exact time of delivery.

Miele CareCollection

To ensure you make the most of your Miele appliance, we've created a range of everyday and specialty products available for purchase. From laundry detergent to dishwasher tablets and a variety of cooking accessories, these products are designed specifically for your appliance, ensuring better results and a longer, hassle-free lifespan.
