# Welcome to Miele

IMMER BESSER (Forever Better) – our pledge

When our two great grandfathers were in the process of founding the Miele company, they had to make sure they stood apart from the competition in order to be successful. There are effectively only two ways of doing this: either by being cheaper than the rest or by being better than the rest. It is not really possible to be both at the same time.

They decided to be “better“ than the rest.

Numerous best-in-class awards and certificates attest to the fact that Miele has continued to renew its commitment to being “immer besser“ throughout the past 115 years. However, the millions of satisfied customers around the world are perhaps the most important endorsement.

At the heart of this success lies a continuity of values and goals which are typically only found in companies that have been family-run for generations, rather than in businesses which are guided by the often short-term interests of the stock market.

It is in this sense that Miele has embodied first-class product quality and German engineering since 1899. Miele also stands in equal measure for respect, fairness and mutual esteem towards sales partners, customers, suppliers, employees and neighbours. Buying a Miele is an environmentally-friendly decision. We ensure this by using methods of production that save resources and by manufacturing products which set new standards in terms of their consumption of electricity, water and detergent – and save you money at the same time.\*

As directors and co-proprietors of the fourth generation of our business, we promise you that this will not change.

*Markus Miele*      *Reinhard Zinkann*

# Immer Besser (Forever Better)

## Our Brand Promise

### **There Are Many Good Reasons For Choosing Miele.**

Since the company was founded in 1899, Miele has remained true to its "Immer Besser" (Forever Better) brand promise. This means that we will do all that we can to be "Immer Besser (Forever Better) than our competitors and "Immer Besser" (Forever Better) than we already are. For our customers this means the peace of mind of knowing that choosing Miele is a good decision – and probably the decision of a lifetime!

### **Miele Quality**

Over the last 100 years, Miele has successfully earned the trust of consumers around the globe. Miele is the only manufacturer in the industry to test products such as our washing machines, tumble dryers, dishwashers and ovens to the equivalent of 20 years of use. Once a Miele, always a Miele. Miele customers around the world remain loyal to Miele and recommend Miele to others. Looking to the future, we promise not to entertain any compromises when it comes to the dependability and durability of our appliances.

### **Miele Technology**

Miele believes in achieving the best results while using the least amount of energy possible. This simple principle applies to all Miele categories - whether cooking or cleaning. The key is a wealth of innovative features that yield the best results and support low energy consumption. As a world-wide technology leader, achieving top scores in both performance and efficiency tests, Miele is always looking towards the future needs of tomorrow's consumer.

### **Miele Convenience**

Whether conventional rotary switch, discreet sensor controls or a high-resolution touch display like the one on your smart phone, operating a Miele is both easy and fun. Add to this a multitude of convenient and reliable automatic programs in both laundry and kitchen appliances. Make life easier for yourself with Miele!

### **Miele Design**

Clean lines and a European-inspired look define Miele appliances, creating a timeless and elegant design. Nowhere else will you find such a comparable range of matching built-in kitchen appliances that suit even the most diverse interior designs. Great care was taken by the Miele design team to coordinate appliance design across the entire product range, making Miele appliances the perfect choice for any home.

### **Miele Service**

Since 1899, Miele has been dedicated to creating extraordinary products that live up to our mantra, "Immer Besser" - a German phrase meaning "Forever Better". With ForeverCare, we've applied this same philosophy to our customer care practices. But ForeverCare is more than just a concept - it's a guarantee. A guarantee that our commitment to you will extend far beyond the point of purchase. Rather, we'll provide unparalleled service throughout the very long life of your machine. From payment, to delivery, to installation, to service we'll make sure your needs are always well taken care of.

### **The Miele Brand**

In many countries, Miele is the most coveted brand in its industry. In its home market in Germany, Miele was even voted "Best Brand Ever" in 2013 across all product categories. Miele customers have high expectations for the performance and the environmental friendliness of their household appliances. This is a reflection of the standard of excellence that Miele holds itself to. People who choose Miele care about quality and are design-conscious.

# Gas Cooktops – The Focal Point In The Kitchen

Gas cooktops are a reactive cooking method and a statement piece in any kitchen. The gas cooktops from Miele deliver in every aspect - including performance, reliability and quality. Choose any of the Miele gas cooktops to experience the Miele difference.

## Cooking With Gas

The traditional way of cooking. Miele world-wide renowned quality and attention to detail adds to the energy efficiency of cooking with gas, making these models the best choice for budding chefs taking a traditional approach to achieving perfect results!

# Cooktop Sizes

**24" Gas cooktop**  
4 burner configuration with front control panel

**30" Gas cooktop**  
4 burner configuration with side control panel

**36" Gas cooktop**  
5 burner configuration with center control panel

**42" Gas cooktop**  
6 burner configuration with side control panel

Miele

# Cooktop Design

### Traditional Design

Miele traditional gas cooktops have a professional look and feel, with cast iron grates and a stainless steel trough. The cast iron grates are easy to clean due to their enamelled surface.

### Flush Design

The Miele flush design cooktop (KM2355) features a particularly shallow trough which seamlessly integrates into modern and contemporary-style kitchens. The high-quality enamelled pot rests are dishwasher-safe, and it is equipped with premium features such as QuickStart and GasStop & ReStart.

# User Interfaces

## Gas Cooktops With Traditional Controls

These models have electro-mechanical controls with single-handed ignition. As an important safety feature, the thermo-electric flame failure feature, or in simple words an automatic gas stop, interrupts the gas supply should the flame be blown out by a draft.

### **Gas Cooktops With Electronic Controls**

These intelligent controls add valuable benefits over and above the traditional controls. Rapid ignition makes lighting the flame so much easier by just turning the dial without pressing and holding it. In case of a flame failure, the automatic flame monitoring and re-ignition feature will reignite the flame and continue to monitor the process. For added peace of mind, there is safety shut-off, preventing unlimited and uncontrolled operation of the cooktop. These cooktops also have the thermo-electric ignition control, preventing any uncontrolled flow of gas should the flame be blown out by a draft.

# Product Features

## ComfortClean Grates

Fast cleaning: remove the grates and wash in the dishwasher. Keeps gas cooktops looking good for longer.

## Individual Design

Miele offers a broad range of design options to suit your individual design.

## Enamelled Grates And Burner Parts

Miele gas cooktops feature enamelled cast iron pot rests, which underline the high quality appeal and make them easy to clean.

## Rapid Ignition

No need to press or hold the control to light the flame. Miele rapid ignition makes lighting each burner easy.

## Automatic Re-ignition

In case of a flame failure, the automatic flame monitoring and re-ignition feature will re-ignite the flame and continue to monitor the process.

## Efficiency

Cooking with gas is economical and environmentally-friendly.

\*Features vary depending on model.

# Miele Gas Cooktop Product Highlights

## Electronic Ignition

Automatic ignition of burners thanks to intelligent technology.

## Thermo-electric Ignition Control

Prevents any uncontrolled flow of gas should the flame be blown out by a draft.

## Wok Burner

Enables high-heat cooking for dishes such as stirfrys, etc.

## Front Control Panel

Rather than favouring right-handed users with a control panel placed to the side, some of Miele gas cooktops feature front-positioned controls for safe and simple use.

## Safety Switch-off

For peace of mind: automatic gas shut-off in the event of excessively long operation.

## Versatile Range of Burners

From economical to powerful: the right burner with the optimal output for every application.

# Useful Information

## Miele Gas Cooktop Glossary

### **Automatic Re-Ignition**

In case of a flame failure, the automatic flame monitoring and re-ignition feature will re-ignite the flame and continue to monitor the process.

### **ComfortClean Grates**

Some Miele gas cooktops are equipped with grates which can be cleaned in the dishwasher. This makes cleaning the cooktop and the continued use of the appliance particularly easy and saves time.

### **Electronic Ignition**

The burners ignite automatically thanks to sophisticated technology. The rotary control dials can be simply and easily turned with one hand and be held during ignition.

### **Enamelled Grates and Burners**

Miele gas cooktops are equipped with enamelled cast iron grates - robust and durable, a visible sign of impeccable quality.

### **Front Control Panel**

Rather than favouring right-handed users with a control panel placed to the side, some of Miele gas cooktops feature front-positioned controls for safe and simple use.

### **Individual Design**

Miele offers a broad range of design options to suit your individual design.

### **Rapid Ignition**

No need to press or hold the control to light the flame. Miele rapid ignition makes lighting each burner easy.

### **Safety Switch-Off**

Automatic gas shut-off in the event of excessively long operation. Reassuringly safe - always a good feeling.

### **Thermoelectric Ignition Control**

All Miele gas cooktops are equipped with thermo-electric flame failure monitors. If the gas flame is temporarily extinguished, i.e. if a pan boils over or through a draught, the flame failure monitor prevents any further gas from escaping.

### **Versatile Burner Configuration**

Miele gas cooktops offer a wide range of burner sizes. From the smallest energy-saving burner for slow and gentle cooking to the powerful wok burner for large amounts and fast heating up. The right power for every situation!

### **Wok Burner**

Enables high-heat cooking for dishes such as stirfrys, etc.

# Miele ForeverCare

## Delivery, Installation, Customer Service

### Miele ForeverCare

With Miele ForeverCare, you get a guarantee. A guarantee that our commitment to you extends far beyond the point of purchase. Rather, we'll provide unparalleled service throughout the very long life of your machine. We are confident in offering you exceptional customer service.

#### Visit The Miele Experience Centre

Miele Experience Centres are open to the public to provide the complete Miele experience and are located in four cities across Canada: Montreal, Toronto, Calgary, and Vancouver.

EMAIL:

HAVE QUESTIONS?

Please ask your Miele Chartered Agent for more information or go to [miele.ca](http://miele.ca)

### What is Miele ForeverCare?

Miele provides unique advantages to our customers with a combination of features unparalleled in the appliance category, namely:

#### Manufacturer-Direct Service

If you ever have a problem with your Miele machine, our own Miele Factory Service Technicians will take care of it. Most problems can be solved on the first visit, as we know the exact model you have and carry the genuine Miele parts you will need.

#### Extended Warranty from the Manufacturer

We want you to enjoy a long and trouble-free experience with our machines. In addition to the standard warranty, we have Miele Extended warranty. This direct offer from Miele allows you to increase your hassle-free coverage up to 10 years. The extended warranty relationship remains strictly with Miele, so you can deal directly and exclusively with us if you have any issues.

#### Miele Custom Plans

The chart below illustrates how you can upgrade the benefits of ForeverCare.

#### Manufacturer Delivery and Installation

We want your machine to work perfectly from the first time you use it. So, we offer delivery and installation in your home ourselves, with our Miele-dedicated service team. Installation can be organized within 48 hours of ordering through the Miele Customer Care Centre, and your delivery is tracked with GPS so we can provide you with a near exact time of delivery.

#### Miele CareCollection

To ensure you make the most of your Miele appliance, we've created a range of everyday and specialty products available for purchase. From laundry detergent to dishwasher tablets and a variety of cooking accessories, these products are designed specifically for your appliance, ensuring better results and a longer, hassle-free lifespan.
