# Welcome to Miele

## IMMER BESSER (forever better) - our pledge

When our two great grandfathers were in the process of founding the Miele company, they had to make sure they stood apart from the competition in order to be successful. There are effectively only two ways of doing this: either by being cheaper than the rest or by being better than the rest. It is not really possible to be both at the same time.

They decided to be "better" than the rest.

Numerous best-in-class awards and certificates attest to the fact that Miele has continued to renew its commitment to being "immerbesser" throughout the past 115 years. However, the millions of satisfied customers around the world are perhaps the most important endorsement.

At the heart of this success lies a continuity of values and goals which are typically only found in companies that have been familyrun for generations, rather than in businesses which are guided by the often short-term interests of the stock market.

It is in this sense that Miele has embodied first-class product quality and German engineering since 1899. Miele also stands in equal measure for respect, fairness and mutual esteem towards sales partners, customers, suppliers, employees and neighbours. Buying a Miele is an environmentally-friendly decision. We ensure this by using methods of production that save resources and by manufacturing products which set new standards in terms of their consumption of electricity, water and detergent – and save you money at the same time.\*

As directors and co-proprietors of the fourth generation of our business, we promise you that this will not change.

Dr. Markus Miele

Dr. Reinhard Zinkann

# Immer Besser (Forever Better)

## Our Brand Promise

### **There are Many Good Reasons for Choosing Miele.**

Since the company was founded in 1899, Miele has remained true to its "Immer Besser" (Forever Better) brand promise. This means that we will do all that we can to be "Immer Besser (Forever Better) than our competitors and "Immer Besser" (Forever Better) than we already are. For our customers this means the peace of mind of knowing that choosing Miele is a good decision – and probably the decision of a lifetime!

### **Miele Quality**

Over the last 100 years, Miele has successfully earned the trust of consumers around the globe. Miele is the only manufacturer in the industry to test products such as our washing machines, tumble dryers, dishwashers and ovens to the equivalent of 20 years of use. Once a Miele, always a Miele. Miele customers around the world remain loyal to Miele and recommend Miele to others. Looking to the future, we promise not to entertain any compromises when it comes to the dependability and durability of our appliances.

### Miele Technology

Miele believes in achieving the best results while using the least amount of energy possible. This simple principle applies to all Miele categories - whether cooking or cleaning. The key is a wealth of innovative features that yield the best results and support low energy consumption. As a world-wide technology leader, achieving top scores in both performance and efficiency tests, Miele is always looking towards the future needs of tomorrow's consumer.

### Miele Convenience

Whether conventional rotary switch, discreet sensor controls or a high-resolution touch display like the one on your smart phone, operating a Miele is both easy and fun. Add to this a multitude of convenient and reliable automatic programs in both laundry and kitchen appliances. Make life easier for yourself with Miele!

### Miele Design

Clean lines and a European-inspired look define Miele appliances, creating a timeless and elegant design. Nowhere else will you find such a comparable range of matching built-in kitchen appliances that suit even the most diverse interior designs. Great care was taken by the Miele design team to coordinate appliance design across the entire product range, making Miele appliances the perfect choice for any home.

### Miele Service

Since 1899, Miele has been dedicated to creating extraordinary products that live up to our mantra, "Immer Besser" - a German phrase meaning "Forever Better". With ForeverCare, we've applied this same philosophy to our customer care practices. But ForeverCare is more than just a concept - it's a guarantee. A guarantee that our commitment to you will extend far beyond the point of purchase. Rather, we'll provide unparalleled service throughout the very long life of your machine. From payment, to delivery, to installation, to service we'll make sure your needs are always well taken care of.

### The Miele Brand

In many countries, Miele is the most coveted brand in its industry. In its home market in Germany, Miele was even voted "Best Brand Ever" in 2013 across all product categories. Miele customers have high expectations for the performance and the environmental friendliness of their household appliances. This is a reflection of the standard of excellence that Miele holds itself to. People who choose Miele care about quality and are design-conscious.

# Product Assortment

## Range Series

### A Range Like No Other

We are not introducing just another freestanding range, we are revolutionizing it with the all new Miele Range Series – offering you complete product depth and breadth. Choose from different size and power configurations or opt for the design flexibility of a gas Rangetop -all complemented by a custom Miele Range Hood or Hood Insert.

### Ranges

Choose from different size configurations (30", 36" and 48") and power configurations (dual fuel, gas, electric and induction).

### Rangetops

Available in 30", 36" and 48" gas models.

### Range Wall Hoods and Insert Hoods

Stainless steel Range Hoods and Insert Hoods are available in 30", 36" and 48" to compliment your Range or Rangetop.

### Range Dishwasher

With a special program for grates and filters, Miele has thought of everything. An optional matching CleanTouch Steel panel for your Miele dishwasher even allows your dishwasher to match your Miele Range Series appliances.

# Harmonious Design

## Form, Function and Fit

Balance requires flawless symmetry... in form, function and fit. The Miele Range Series is a natural extension of our Generation 6000 built-in appliances, aligning perfectly in terms of design, functionality and user interface.

## Precise Controls and Intuitive Operation

### M Touch Controls and Innovative Features

Achieving results fast with an innovative touch display: The new Miele M Touch controls are both easy-to-operate and navigate. An intuitive swipe of the screen will quickly lead you to your desired selection. Whether choosing an automatic Chicken program or calling up one of your Favourites, the screen will provide a pleasing visual with easy-to-read touch controls

#### ComfortLift Panel

Featured in our M Touch Ranges, Miele has designed a touch-activated control panel that lifts with the touch of a button to provide optimum comfort and ease.

#### Backlit Precision Controls

This elegant design feature is not only a useful visual cue for a burner-in-use, but also a design element that sets Miele apart. Also a safety feature, the knobs allow you to see if the burner has been turned off when done cooking.

# Precise Controls and Intuitive Operation

## Alternative User Interfaces

### EasyControl Controls

All appliances from the new generation feature controls which are based on a joint logic. For example, the display is always located in the centre – no matter which user interface you decide to have. All user interfaces feature an innovative display technology which excels with its brilliance, longevity, high resolution and a high-end appeal in all its detail. The array of sensors is the central element of all user interfaces. It displays functions which are directly available to you during a cooking process.

# The Perfect Fit

## Range Series Capacity

Featuring a unique 3-door concept, the Miele 48" Culinary Centre includes a fully functional M Touch speed oven, convection oven and warming drawer.

Miele Ranges are available in various sizes – ensuring you will find the perfect fit for your kitchen.

### **Rangetops**

Available in 30", 36" and 48" gas models.

### **Range Wall Hoods and Insert Hoods**

Custom Range Hoods and Insert Hoods are available in 30", 36" and 48" to complement your Range or Rangetop.

# Range Series Heating Options

Designed for the Way You Cook

Sophistication demands both nuance and control – a balance of strength and subtlety. Recognizing this need for flexibility, Miele delivers powerful, even heat at a level of control you can trust.

All Gas

Electric or Induction

Dual Fuel

# Burner Highlights

## Providing Professional Results

### M Pro Dual Stacked Burners

Ensuring flexibility and perfect results, Miele burner systems offer precise control, regardless of the dish you choose to prepare.

### M Pro Grill

Indoor grilling has never been easier; achieve perfect, even results with the powerful M Pro grill option.

### M Pro Infrared Griddle

French toast, eggs and pancakes are cooked to perfection with the powerful M Pro infrared griddle option.

### TrueSimmer

Whether melting chocolate or thickening a sauce, this feature offers even heat and precise results, replacing the need for a double-boiler.

### Induction Cooking

The induction range features M Touch controls, a TwinBooster function and an EasyClean Ceran surface with 4 variable cooking zones.

### Electric Cooking

The electric range features an EasyControl user interface and an EasyClean Ceran surface with 4 cooking zones.

# Range Highlights

## Exclusive Features for Gourmet Results

### **Exclusive to Miele** Moisture Plus

Each type of food has its own specific properties. Knowing them and making the most of them is the true art of cooking. In the past, bakers held the monopoly on preparing the perfect bread and rolls. In a Miele Range with Moisture Plus, now you can bake fresh breads with the same quality as if bought fresh from a bakery. Increasing the humidity in the oven optimizes the cooking of a variety of foods: soft bread with a shiny and appetizing crust, bakery quality dinner rolls and croissants, succulent and tender meat with a nicely browned crust, perfect casseroles, delicious pastries and so much more.

### **Exclusive to Miele** Wireless Roast Probe

No supervision necessary. The countdown indicator provides correct-to-the-minute information on how long a program still has to run. With a now wireless connection, the roast probe is extremely safe to use as the probe can be inserted outside of the oven.

### **ComfortSwivel Handle**

An ergonomic feature, the swiveling handle moves easily with your wrist and body to comfortably open and close the door.

### **Speed Heat**

The range open-floor-concept allows for constant airflow which leads to faster and more even heat distribution; resulting in quick preheat times and powerful bake and broil elements. The infrared ceramic broil burner on the EasyControl ranges locks in juices while searing meats, poultry and fish.

### **Exclusive to Miele** 15 Automatic Bread Programs

Bake as if from a bakery. Allow Moisture plus to guide you into using the correct mode, temperature, and time to create the perfect bread.

### **Self Clean Oven and Self Clean Ready PyroFit Accessories**

During the cooking process, grease residue is continually broken down, helping to keep the oven and cooking accessories clean.

# Additional Features

## Miele Ranges

**Exclusive to Miele** **Crisp function**  
For a crispy finish when preparing foods such as pizza, chicken wings, for example.

**Favourites**  
For your favourite dishes, simply select an operating mode, temperature and program duration and save the settings for future preparation of your favourite meal.

**CleanTouch Steel™ Front**  
This innovative finish resists fingerprints, scratches and smudges. Stands up to aggressive handling, keeping the exterior cleaner and easier to maintain.

**Electronic Temperature Control**  
The temperature selected is constantly monitored and maintained.

**Individual Settings**  
You decide on language, audible signal, and display brightness, etc.

**Timer Function**  
Perfect timing: starting time, finishing time and duration of the cooking process are easy to select.

**AirClean Catalyzer**  
Reduces grease and odours and prevents deposits from collecting on furniture, walls and curtains.

**Cooling System and Cool-Touch Fronts**  
Maximum safety. All surfaces around the appliance remain cool - offering safety and protection against burns.

**Safety Functions**  
Peace of mind. Should you forget to switch the appliance off, the safety switch-off function will do it for you.

**Residual Heat Utilization**

Ecological and economical. Miele ovens switch off early and make use of residual heat to complete the cooking process.

**Dual Fuel: TwinPower Convection Fans and Power Convection Fan**

Two convection fans (30" and 36" range) and one convection fan (48" range) inside the oven provide rapid heat-up of the oven and optimum hot air distribution.

**All Gas: TwinPower Convection Fans**

With a top and bottom heating element, fans help distribute constant heat around the oven allowing food to cook more evenly in less time.

**Gourmet Centre**

Over 100 easy-to-use MasterChef programs and 15 MasterChef Plus automatic bread programs, guiding you to perfect results.

**ComfortClean Dishwasher-Safe Grates**

Durable enameled dishwasher-safe ComfortClean grates make clean-up easier than ever.

**Soft Open and Soft Close**

The range oven door effortlessly opens and closes, preventing the door from shutting or slamming

**3-Door Concept**

Miele's 48" range includes a fully functional M Touch speed oven, convection oven and warming drawer.

\* Features will vary depending on model

# A Program for Every Recipe

## The Complete Program Guide to Miele Ranges

### Convection Bake

Garnering the perfect results, convection bake is ideal for baking on several levels; for example, baking trays of chocolate chip cookies.

### Surround

In this premium baking mode, heat from upper and lower elements create perfect results for baking recipes.

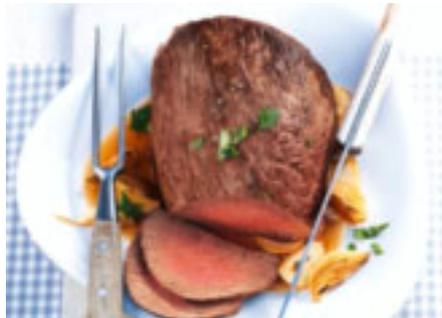

### Moisture Plus

Up to 3 bursts of moisture – manually or time driven – release during the cooking program for a soft, moist interior with a crispy crust.

### Intensive

Increased heat from the bottom ensures a crispy base, yet moist top on items such as pizza, quiche or focaccia.

### Auto Roast

For a premium result, meat is seared at a high temperature in the oven, and cooked to perfection, producing tender and juicy results. Can be used with a roast probe.

### Convection Roast

Ideal for cooking delicate cuts of meat, fish and crispy poultry.

### Bake

Uses traditional baking techniques; perfect for pies and biscuits.

### Crisp Function

With the flexibility to turn this option on or off in cooking modes, you have the ability to create an extra crispy exterior for items such as French Fries, roasted potatoes and chicken cordon blue.

### Gourmet Centre

Over 100 easy-to-use MasterChef programs and 15 MasterChef Plus automatic bread programs guide you to the perfect result.

### Favourites

Save up to 20 of your favourite dishes! Simply select operating mode, temperature and program duration and save the settings. Ideal for your favourite repeated recipe or Grandma's famous apple pie.

### Maxi Broil

Grill large quantities of steak, chops, kebabs, etc.

### Broil

Grill smaller quantities of steak, chops, kebabs, fish, etc.

### Browning

For a perfectly browned topping, for example when making gratin, finishing a lobster, macaroni and cheese, and browning.

### Gentle Bake

The combination of different heating elements ensures excellent baked goods, gratins and lasagna.

### Slow Roasting

Cooking at a lower temperature for a longer period of time, this method brings out the juiciest and most tender results for any type of meat.

### Special Modes +

Defrost, Reheat, Rapid PreHeat make every day cooking easier. Proof or Dehydrate aid in creating specialty bread or dried fruit.

### Sabbath

The unique Sabbath mode allows up to 72 hours of pre-programmed cooking in the oven.

### Rotisserie

The rotisserie evenly broils and adds a finishing touch to items such as stuffed meat, tied roasts, poultry, vegetables and kabobs.

# Rangetop Highlights

## Exclusive Features for Gourmet Results

### M Pro Infrared Griddle

The powerful M Pro infrared griddle, delivering even heat distribution for superior performance. From french toast and pancakes, to steak and eggs, professional results can be achieved in the convenience of your home.

**ComfortClean Dishwasher-Safe Grates**  
When it's time for clean-up, simply place the dishwasher-safe grates in your dishwasher.

**M Pro Grill**  
Grilling has never been easier indoors. Achieve perfect even results with the powerful M Pro grill option.

**TrueSimmer**  
Whether melting chocolate or thickening a sauce, this feature offers even heat and precise results.

**Stainless Steel Backlit Precision Knobs**  
This elegant design feature is not only a useful visual cue for a burner in-use, but also a design element that sets Miele apart. And with QuickStart, there's no need to press or hold the control in order to switch the burners on.

**CleanTouch Steel Front**  
Our innovative finish resists fingerprints, scratches and smudges, keeping the exterior cleaner and easier to maintain.

# Range Hood Highlights

## Exclusive Features for Gourmet Results

### **Exclusive to Miele** Dishwasher-Safe Stainless Steel Baffle Filters

The high-quality stainless steel baffle filters are extremely efficient in absorbing odours as recirculated hoods extract cooking vapours and filter out grease and odours through several layers of filtration. The filters are also easy to maintain as they are dishwasher-safe and easily spring back into place.

### **Exclusive to Miele** LED ClearView Lighting

Specially developed for select Miele ventilation hoods, LED lighting shines a more natural light to highlight the pure colour and texture of your food, but also saves energy. This long lasting LED lighting is tested to last the 20 year life cycle of your hood.

### **Recessed Knob Controls**

Intuitive and easy to use, hidden hood controls make operation effortless.

### **Auto-Vent Safety Sensor**

A safety device which activates the hood's intensive setting when the heat from the cooktop exceeds a certain temperature.

### **Miele CleanCover**

The Miele CleanCover is situated behind the grease filters. Instead of sharp edges and electrical components, all that can be seen is a smooth, enclosed surface. It's particularly easy to clean too - Miele takes care of the details for your comfort and safety.

### **Made in Germany**

All Miele Range Hoods were developed in Arnsberg Germany where they are produced largely by hand. Each stage of the manufacturing process involves a certain amount of manual crafting- from shaping the steel to welding and polishing it.

# Miele Range Hoods

The Right Solution for Every Home!

**Exclusive to Miele** Offering the best solution for your kitchen in terms of style and function, the Miele assortment of Range Hoods and Hood Inserts ensure consistent and professional results.

Range Wall Hood

Range Insert Hood

# Miele Range Hood Operating Modes

## The Right Technology for Your Kitchen

When cooking, and frying especially, vapours consisting of steam, fat particles and odours are released. Without proper extraction and filtration of air, these same vapours will linger until the air has been cleaned effectively. Miele proposes two effective options to clean the air either through vented or recirculation extraction.

### **Vented**

Vented hoods extract cooking vapours and filter out fat molecules through a grease filter. Next, an exhaust duct leads the filtered air from the kitchen to the outside. As this air leaves the kitchen, it takes away odours and excess humidity.

### **Recirculating**

Recirculated hoods extract cooking vapours and filter out grease and odours through several layers of filtration, the grease filter and the baffle filter. The filtered air is then fed back into the room, generating circulation in a closed space, where venting may not be possible.

### **Blower Options**

A perfect compliment to the Miele Ranges and Rangetops, our Range Hoods are equipped with high-quality double-action radial fans. These powerful units ensure excellent air throughout all times and optimum vapour extraction. Despite its power when in use, the blower is very quiet. Purchase either a high-quality stainless steel Wall Hood, or opt for a different look with a Range Hood Insert and a decorative hood cover. Blowers are available with either 700 CFM or 1,100 CFM for a 30", 36" or 48" configuration.

**Exclusive  
to Miele**

**Perfect Design Harmony ...**

Seamlessly integrated and designed to enhance the functionality in your kitchen, the new Miele Range Series dishwasher will turn any kitchen into a beautiful and functional space. The Miele Range Series dishwasher fronts feature design elements such as the easy-to-clean CleanSteel front, the rotary handle, and the signature Miele badge seen on the Ranges, Rangetops, and Range Hoods to provide consistent functionality and design harmony. As an added benefit, the Miele Range Series dishwasher accessory panel fits on all fully-integrated Miele dishwashers, granting performing dishwasher technology with increased design options.

## Dishwashers from the Range Family

The Ideal Solution for Your Kitchen!

### **Technical Excellence.**

Above all, your Miele dishwasher reduces your workload considerably. What do you value most of all? Convenience? The quiet operation? Or the flexible interior? The latter alone is a good reason for choosing Miele. Thanks to the intelligent basket design, Miele grates and range hood filters can even be washed in your Miele dishwasher. Guaranteed! The intensive "Grates & Filters" program is so efficient that it effortlessly removes stubborn soiling and grease residue.

# Exclusive Features for Perfect Results and More Convenience

## Miele Dishwasher Product Highlights

**Exclusive to Miele** **3D Cutlery Tray**  
An innovation from the inventor of the cutlery tray. The intelligent Miele 3D cutlery tray is height, width and depth adjustable so that it can be perfectly adapted to suit any load. This allows oddly-shaped items such as whisks and soup ladles to be accommodated and gently washed.

Adjusting the side sections of the cutlery tray allows tall stemware to be held securely in the upper basket. No need to take out the side sections of the drawer!

**Exclusive to Miele** **ComfortClean Dishwasher-Safe Grates**

When it's time for clean-up, simply place the dishwasher-safe grates in your dishwasher.

**Exclusive to Miele** **AutoOpen Drying**

The dishwasher door opens automatically at the end of a program, allowing the load including glassware and sensitive plastic items to dry completely before you unload it.

### Grates & Filters Program

The Grates & Filters program effortlessly washes Miele grates and range hood filters.

### Basket Design

The intelligent basket design offers space for dishes, grates and Range Hood filters.

### Best Sound Emissions

Sound emissions as low as 44 dB(A), yet deliver constant perfect results.

- Temperature sensor – protects against overheating

Miele Pricing	\$4,999.00
Miele Advantage	\$5,219.00
Miele Advantage Plus	\$5,529.00

# Useful Information

## Miele Ranges - Glossary

### **AirClean Catalyzer**

Grease and odours are removed from cooking vapours. This prevents grease deposits on furniture, walls and curtains. The catalyzer can be easily activated and deactivated during cooking and self-cleaning.

### **Appliance Cooling System and Cool-Touch Fronts**

All surfaces around Miele ranges remain cool. This ensures that controls, handles and adjacent cabinets stay cool-to-the-touch. The multi-pane glass panel insulates the range door and ensures a low temperature on the outside (122°F in normal mode, 316°F in self-cleaning mode) - offering a high degree of safety and protection against burns.

### **Clean Touch Steel™ Front**

This innovative finish resists fingerprints, scratches and smudges. A special treatment stands up to aggressive handling – keeping the exterior cleaner and easier to maintain.

### **ComfortLift Panel**

Featured in our Ranges, Miele has designed a touch-activated control panel that lifts with the touch of a button to provide optimum comfort and ease.

### **ComfortSwivel Handle**

An ergonomic feature, the swiveling handle moves easily with your wrist and body to comfortably open and close the door.

### **Crisp Function**

The controlled reduction of moisture in the range creates a dry micro-climate. This results in particularly crispy french fries, croquettes, etc. The Crisp function can be added to any operating mode to suit individual preferences.

### **Dishwasher-Safe ComfortClean Grates**

When it's time for clean-up, simply place the dishwasher-safe grates in your dishwasher.

### **Electronic Temperature Control**

Electronic sensors guarantee precise temperature control and monitoring. Temperature fluctuations are barely noticeable ensuring excellent baking and roasting results, as well as a wide range of applications varying from making yogurt to grilling kebabs.

### **Favourites**

Miele ovens allow you to create and save up to 20 of your favourite programs: operating mode, time and temperature can be set individually. This allows you to call up the settings for your favourite meal or your Grandmother's prized apple pie recipe.

### **FlexiClip Runners - Self Clean Ready (48" Range)**

Fully-telescopic runners allow universal trays and racks to be pulled clear of the range safely and securely. This allows you, for example, to baste or turn a roast outside of the oven cavity without the risk of getting burned. They can be used on all shelf levels.

### **Gourmet Centre**

With MasterChef programs for over 100 different foods, you can cook poultry and bake cakes to perfection every time. No need to select the operating mode, temperature or cooking duration. Even the degree of cooking and browning of meat, for example, can be defined to suit your taste. Thanks to special automatic programs for low-temperature cooking, you can enjoy perfectly cooked meat comparable to that served in the finest restaurants. Also found in the Gourmet Center are 15 MasterChef Plus automatic bread programs, guiding you to create the perfect bread.

### **Individual Settings**

On many Miele models it is possible to modify default parameters such as language, acoustic signals, display brightness, etc. to suit your needs.

### **M Pro Dual Stacked Burners**

M Pro dual stacked burner system with TrueSimmer ensures flexibility and perfect results.

### **M Pro Grill**

Grilling has never been easier indoors. Achieve perfect even results with the powerful M Pro grill option.

### **M Pro Infrared Griddle**

The powerful M Pro infrared griddle, delivering even heat distribution for superior performance. From french toast and pancakes to steak and eggs, professional results can be achieved in the convenience of your home.

### **Moisture Plus**

Moisture ensures perfect results when baking breads or cakes, or when roasting meat. In the Moisture Plus mode, it is possible to program steam output at the relevant times for greater convenience. Moisture Plus is also used in various automatic programs.

### **Residual Heat Utilization**

You can achieve even better energy efficiency by using the food probe or by programming the cooking duration. The Miele oven switches off before the end of the program and makes use of residual heat to complete the cooking process.

### **Sabbath Program**

Miele ranges are specially programmed to provide observant Jewish homes with delicious hot meals during the Sabbath and religious holidays. The Sabbath mode allows you to program your oven to stay on for up to 72 hours. Additionally, the oven will not activate until the food is placed inside- further balancing Kosher cooking needs with energy consumption concerns. When set to Sabbath mode, the display and lighting remain unchanged - another critical feature for religious observance.

### **Safety Functions**

The appliance can be locked at the touch of a button to prevent unintentional operation, e.g. by children. Miele ranges switch off automatically if the maximum operating time is exceeded- no need to worry if you forget to switch the appliance off by mistake.

### **Special Modes**

Achieving perfect results on some foods requires a particular temperature or a certain micro-climate inside the oven. This applies, for example, to proofing dough or drying fruit.

### **Soft Open and Soft Close**

The range oven door effortlessly opens and closes, preventing the door from shutting or slamming.

### **Stainless Steel Backlit Precision Knobs**

This elegant design feature is not only a useful visual cue for a burner-in-use, but also a design element that sets Miele apart. And with QuickStart, there's no need to press or hold the control in order to switch the burners on.

### **Timer Function**

Miele ovens offer various clock/timer functions. By selecting a start and finish time or the duration of the cooking process, meals will be perfectly cooked at exactly the right time. The process is completed automatically at the programmed time. In the event of a power failure, the clock time is saved for up to approximately 200 hours.

### **TrueSimmer**

Achieving the perfect temperature and even heat for simmering is easy with the Miele TrueSimmer function. Whether melting chocolate or thickening a sauce, this feature offers precise results.

### **TwinPower Convection Fans (Dual Fuel)**

Two convection fans inside the oven provide rapid heat-up of the oven and optimum hot air distribution. The oven is quickly ready for use.

### **Twin Convection Fans (All Gas)**

With a top and bottom heating element, fans help distribute constant heat around the oven, allowing food to cook more evenly in less time.

### **Wireless Roast Probe**

Achieve precise results on fish, meat and poultry using the roast probe with countdown indicator to measure the core temperature. Supervising the process is no longer necessary.

# Useful Information

## Miele Rangetops - Glossary

### **Clean Touch Steel™ Front**

This innovative finish resists fingerprints, scratches and smudges. A special treatment stands up to aggressive handling – keeping the exterior cleaner and easier to maintain.

### **Dishwasher-Safe ComfortClean Grates**

When it's time for clean-up, simply place the dishwasher-safe grates in your dishwasher.

### **M Pro Dual Stacked Burners**

M Pro dual stacked burner system with TrueSimmer ensures flexibility and perfect results.

### **M Pro Infrared Griddle**

French toast, eggs and pancakes cooked to perfection with Miele's powerful M Pro infrared griddle option.

### **M Pro Grill**

Grilling has never been easier indoors; achieve perfect, even results with Miele's powerful M Pro grill option.

### **Stainless Steel Backlit Precision Knobs**

This elegant design feature is not only a useful visual cue for a burner-in-use, but also a design element that sets Miele apart. With QuickStart, there's no need to press or hold the control in order to switch the burners on.

### **TrueSimmer**

Achieving the perfect temperature and even heat for simmering is easy with the Miele TrueSimmer function. Whether melting chocolate or thickening a sauce, this feature offers precise results.

# Useful Information

## Miele Range Hoods - Glossary

### **4 Fan Speeds**

3 fan speeds, including Intensive setting.

### **Auto-Vent Safety Sensor**

A safety device which activates the hood's intensive setting when the heat from the cooktop exceeds a certain temperature.

### **Dishwasher-Safe Baffle Filters**

Efficient in absorbing odours: Recirculated hoods extract cooking vapours and filter out grease and odours through several layers of filtration.

### **Handcrafted in Germany**

Know-how and craftsmanship: our entire expert knowledge is applied to each and every ventilation hood, from development to the finished product.

### **LED ClearView Lighting**

Specially developed for select Miele range hoods, LED lighting shines a more natural light to highlight the pure colour and texture of your food, but also saves energy. This long lasting LED lighting is tested to last the 20 year life cycle of your hood.

### **M Pro Stainless Steel**

Specific to all range products, this material provides a professional look and feel to Miele range hoods.

### **Miele CleanCover**

The Miele CleanCover is located behind the grease filters. Instead of sharp edges and electrical components, all you can see is a smooth, enclosed surface which protects you from touching cables and moving parts.

### **Optimized Blowers**

Miele range hoods are equipped with high-quality double-action radial fans. These powerful units ensure excellent air at all times and optimum vapour extraction. Despite its power when in use, the blower is very quiet.

### **Recessed Knob Controls**

Intuitive and easy to use hidden hood controls make operation effortless.

# Range and Rangetop Accessories

## Baking and Multi-Purpose Trays

Miele Ranges come standard and with optional accessories. Additional, baking and multi-purpose trays enable you to obtain even better results from your Range, using the various operating modes.

### PerfectClean Finish

Baking trays and roasting racks feature this unique and patented non-stick surface finish. Persistent soiling is easily removed during cleaning.

### Self Clean Ready

During the cooking cleaning process, grease residue is continually broken down, helping to keep the oven and cooking accessories clean.

# Trays with PerfectClean Finish

## Original Miele Universal Tray HUBB 30-1

With PerfectClean finish

- Ideal as a baking sheet
- Use as a drip tray for meat juices/fat as a result from roasting and grilling
- To be used together with the grilling and roasting inserts when roasting
- Use alternatively when grilling in combination with the baking and roasting rack

## Perforated Gourmet Baking Tray HBBL 71

For biscuits, pastries and pizza with a crust.

- Ideal for baking chips - particularly in Moisture Plus mode
- Fits into FlexiClips or directly into side racks

For H 6000

## Original Miele Grilling and Roasting Insert HGBB 30-1

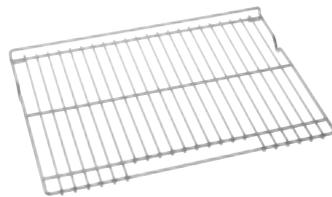

With PerfectClean finish

- Meat juices or grease do not burn onto the surface; perfect for collecting meat juices for gravys and sauces
- Prevents grease splashes, reduces the need for cleaning
- For perfectly crispy pizza and potato wedges
- For positioning on the HUBB 30-1
- For all 30" Range appliances

## Genuine Miele Grilling and Roasting Inserts

Miele grilling and roasting inserts are simply placed on Miele multi-purpose trays when grilling or roasting. Ideal for collecting dripping meat juices. The grilling and roasting tray prevents meat juices from burning on. The juice can be used to prepare delicious sauces. Miele grilling and roasting trays also prevent annoying grease splashes on the oven interior which makes cleaning the appliance easier.

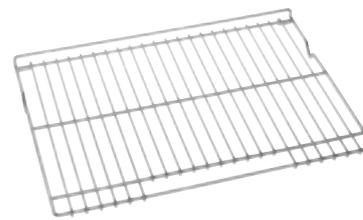

# Baking and Roasting Racks and Runners

## Original Miele Baking and Roasting Rack HBBR 30-2

With PyroFit finish.

- As a rest for baking trays, inserts and casserole dishes
- Fully automatic cleaning in the self-clean program thanks to PyroFit finish
- For inserting into side racks
- For all 30" Range appliances

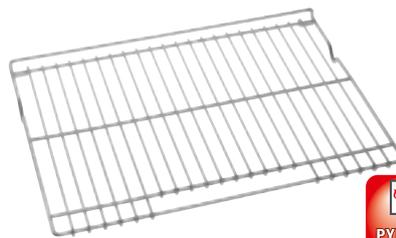

## Original Miele Baking and Roasting Rack HBBR 36-2

With PyroFit finish.

- As a rest for baking trays, inserts and casserole dishes
- Fully automatic cleaning in the self-clean program thanks to PyroFit finish
- For inserting into side racks
- For all 36" Range appliances

## Genuine Miele Baking and Roasting Racks

Miele ovens and steam combination ovens are supplied with a baking and roasting rack. If you want to use your oven to a much greater degree and bake and roast on several oven levels at the same time, you can equip your appliance with additional racks. Miele racks can be used as a rest for baking trays, but they are also ideal for roasting or grilling sausages and meat. To collect dripping fat, they fit perfectly on original Miele multi-purpose trays.

## Original Miele Baking and Roasting Rack HBBR 48-2

With PyroFit finish.

- As a rest for baking trays and casserole dishes
- Fully automatic cleaning in the self-clean program thanks to PyroFit finish
- For inserting into side racks or for placing on HFC 92 FlexiClip telescopic runners
- For all 48" Range appliances

## Original Miele Glass Tray HGS 100

- Ideal for bakes, gratins and cakes
- Faster and more even baking results than on a baking tray
- Enables continuous monitoring of baking process
- For Miele microwave combination ovens
- Also suitable for Miele M 110E and M 130E microwave ovens

# Baking and Roasting Racks and Runners

## Telescopic Rack HFCBBR 30-2

- For 30" Ranges ovens with PyroFit finish
- For using several oven levels at the same time
  - Simple to attach to side racks
  - Convenient access to oven inserts and racks on every single level
  - For moving trays/racks to other levels with ease
  - Fully automatic cleaning in the self-clean program thanks to PyroFit finish

## Telescopic Rack HFCBBR 36-2

- For 36" Ranges ovens with PyroFit finish
- For using several oven levels at the same time
  - Simple to attach to side racks
  - Convenient access to oven inserts and racks on every single level
  - For moving trays/racks to other levels with ease
  - Fully automatic cleaning in the self-clean program thanks to PyroFit finish

### FlexiClip Fully Telescopic Runners

Fully telescopic runners allow baking sheets, baking and roasting racks, and Gourmet casserole dishes to be pulled clear of the oven, and are held safely and securely in any position. This allows you, for example, to baste or turn a roast conveniently outside the hot oven without the risk of getting burned. On FlexiClip fully telescopic runners you can also insert or place trays, racks and casserole dishes individually and easily on a different level. Up to 3 pairs of FlexiClip runners can be inserted in the oven at the same time (= 3 levels).

# Grilling and Cutting Accessories

## Skewer Clamps for Grilling HGH

- For grilling rolled meat, poultry, joints, etc.
- Can only be used with the rotisserie
  - Holds food in position without piercing the food, particularly suitable for stuffed meat
  - Place HUBB 91 multi-purpose tray below for collecting grease
  - Contents: 2 clamps

## Kebab Grilling Device HSE

- For grilling up to four skewers at the same time.
- For perfect results and time saving
  - For fitting on the rotisserie
  - Contents: 4 skewers and 2 discs with screws

## Original Miele Rotisserie HDGR 30+

- For Range ovens
- For even browning of food
  - Perfect adjustment to Range oven
  - Can be used together with the HGH spit and clamps and the HSE kebab grilling device
  - For all Range ovens with M Touch and Grill motor

# Gourmet Casserole Dishes and Lids

## Gourmet Casserole Dish HUB 61-22

- Max. capacity approx. 5 kg
- External dimensions: W x D x H: 42.2 x 25.7 x 8.6 cm
- Interior dimensions: W x D x H: 38.0 x 22.0 x 8.0 cm

For Generation H 2000 appliances with 56 L cabinet and for the H 6000 BM (with wire rack on base of unit). Also suitable for ceramic cooktops (not for gas and induction) and other electric cooktops.

## Gourmet Casserole Dish Lid HBD 60-22

For Miele casserole dishes HUB 61-22, 62-22, 5000 M and 5001 M

- Not supplied with casserole dishes
- Made from high-quality stainless steel
- Not suitable for speed ovens or when grilling

## Miele Gourmet Casserole Dish

Miele Gourmet casserole dishes for cooking roasts, gratinating, oven bakes and many other dishes are available for Miele ovens and steam combination ovens. They can be inserted into the side racks, individual telescopic racks, FlexiClip fully telescopic runners and/or alternatively placed on a wire rack. The original Miele Gourmet casserole dishes are made of die-cast aluminium with a high-quality non-stick coating from ILAG. It prevents food from sticking and makes cleaning easy.

## Miele Gourmet Casserole Dish Lids

Stainless-steel lids are available for all Miele Gourmet casserole dishes. They are not supplied with the casserole dishes and can be ordered separately if required.

## Gourmet Casserole Dish HUB 61-35

- Max. capacity approx. 8 kg
- External dimensions: W x D x H: 42.2 x 37.5 x 8.6 cm
- Interior dimensions: W x D x H: 38.0 x 34.5 x 8.0 cm

For Generation H 2000 appliances with 56 L cabinet and for the H 6000 BM (with wire rack on base of unit) and all 90 cm wide built-in Generation H 6000 ovens (also with wire rack on base of unit). Also suitable for ceramic cooktops (not for gas and induction) and other electric cooktops.

## Gourmet Casserole Dish HUB 5000-XL

- Max. capacity approx. 8 kg
- External dimensions: W x D x H: 44.8 x 38.6 x 8.6 cm
- Interior dimensions: W x D x H: 38.0 x 34.5 x 8.0 cm

For generation H 2000/H 6000 appliances with 49 L and 76 L cabinet and for all DGC XL and DGC XXL steam combination ovens. Also suitable for ceramic cooktops (not for gas and induction) and other electric cooktops.

## Gourmet Casserole Dish Lid HBD 60-35

For Miele HUB 61-35 and HUB 5000 XL casserole dishes

- Not supplied with casserole dishes
- Made from high-quality stainless steel
- Not suitable for speed ovens or when grilling
- Dimensions: W x D x H: 39.0 x 35.5 x 13.4 cm

# Range / Rangetop Accessories

## Backguard RBGAG1230

- Suitable for All Gas Ranges
- 12" high and 30" wide
- Made from high-quality brushed stainless steel

## Backguard RBGAG1236

- Suitable for All Gas Ranges
- 12" high and 36" wide
- Made from high-quality brushed stainless steel

## Backguard RBGAG2030

- Suitable for All Gas Ranges
- 20" high and 30" wide
- Made from high-quality brushed stainless steel

## Backguard RBGAG2036

- Suitable for All Gas Ranges
- 20" high and 36" wide
- Made from high-quality brushed stainless steel

## Backguard RBGDF1230

- Suitable with a Rangetop
- Suitable for Dual Fuel Ranges
- 12" high and 30" wide
- Made from high-quality brushed stainless steel

## Backguard RBGDF1236

- Suitable with a Rangetop
- Suitable for Dual Fuel Ranges
- 12" high and 36" wide
- Made from high-quality brushed stainless steel

## Backguard RBGDF1248

- Suitable with a Rangetop
- Suitable for Dual Fuel Ranges
- 12" high and 48" wide
- Made from high-quality brushed stainless steel

## Backguard RBGDF2030

- Suitable with a Rangetop
- Suitable for Dual Fuel Ranges
- 20" high and 30" wide
- Made from high-quality brushed stainless steel

## Backguard RBGDF2036

- Suitable with a Rangetop
- Suitable for Dual Fuel Ranges
- 20" high and 36" wide
- Made from high-quality brushed stainless steel

# Range / Rangetop Accessories

## Backguard RBGDF2048

For the combination with a Range or Rangetop

- Suitable for Dual Fuel Ranges
- 20" high and 48" wide
- Made from high-quality brushed stainless steel

## Backsplash RBS30

For the combination with a Range Hood and a Range/Rangetop

- Flat stainless-steel panel to protect the wall between RangeHood and RangeCooker/RangeTop
- Suitable for 30" Range/Rangetops
- 40" high and 30" wide
- Made from high-quality brushed stainless steel
- Simple installation: to be hooked directly in the Range Hood

## Backsplash RBS36

For the combination with a Range Hood and a Range/Rangetop

- Flat stainless-steel panel to protect the wall between Range Hood and Range/Rangetop
- Suitable for 36" Range/Rangetops
- 40" high and 36" wide
- Made from high-quality brushed stainless steel
- Simple installation: to be hooked directly in the Range Hood

## Backsplash RBS48

For the combination with a Range Hood and a Range/Rangetop

- Flat stainless-steel panel to protect the wall between Range Hood and Range/Rangetop
- Suitable for 36" Range/Rangetops
- 40" high and 48" wide
- Made from high-quality brushed stainless steel
- Simple installation: to be hooked directly in the RangeHood

## Wokring RWR1000

For Ranges

- Made from high-quality, mat black enameled cast iron
- For securely resting wok pans with convex base
- Easy to clean in a dishwasher

# Range Wall / Insert Hood Accessories

**Duct Cover  
DRDC3006**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1220 Range Hood
- 6" high and 30" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 30" wide DuctCovers

**Duct Cover  
DRDC3012**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1220 Range Hood
- 12" high and 30" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 30" wide DuctCovers

**Duct Cover  
DRDC3018**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1220 Range Hood
- 18" high and 30" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 30" wide DuctCovers

**Duct Cover  
DRDC3024**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1220 Range Hood
- 24" high and 30" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 30" wide DuctCovers

**Duct Cover  
DRDC3606**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1230 Range Hood
- 6" high and 36" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 36" wide DuctCovers

**Duct Cover  
DRDC3612**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1230 Range Hood
- 12" high and 36" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 36" wide DuctCovers

**Duct Cover  
DRDC3618**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1230 Range Hood
- 18" high and 36" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 36" wide DuctCovers

**Duct Cover  
DRDC3624**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1230 Range Hood
- 24" high and 36" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 36" wide DuctCovers

**Duct Cover  
DRDC4806**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1250 Range Hood
- 6" high and 48" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 48" wide DuctCovers

# Range Wall / Insert Hood Accessories

**Duct Cover  
DRDC4812**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1250 Range Hood
- 12" high and 48" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 48" wide DustCovers

**Duct Cover  
DRDC4818**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1250 Range Hood
- 18" high and 48" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 48" wide DustCovers

**Duct Cover  
DRDC4824**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1250 Range Hood
- 24" high and 48" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 48" wide DustCovers

**Duct Cover  
DRDC6006**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1260 Range Hood
- 6" high and 60" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 60" wide DustCovers

**Duct Cover  
DRDC6012**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1260 Range Hood
- 12" high and 60" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 60" wide DustCovers

**Duct Cover  
DRDC6018**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1260 Range Hood
- 18" high and 60" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 60" wide DustCovers

**Duct Cover  
DRDC6024**

For concealing the ducting and for adjusting the height to the wall unit

- Suitable for DAR 1260 Range Hood
- 24" high and 60" wide
- Made from high-quality brushed stainless steel
- Can be combined with all other 60" wide DustCovers

# Range Wall / Insert Hood Accessories

## Blower DRIB XL

Internal blower

- Suitable for DAR 1220 and DAR 1230 as well as DAR 1120 and DAR 1130 Range Hood
- XL blower with nominal output of 700 cfm
- Can be combined with 30" and 36" wide Rangetops
- Required for installed Range Hood appliances with internal blower

## Blower DRIB XXL

Internal blower

- Suitable for DAR 1230 and DAR 1250 as well as DAR 1130 and DAR 1150 Range Hood
- XL blower with nominal output of 1100 cfm
- Can be combined with 36" and 48" wide Rangetops
- Required for installed Range Hood appliances with internal blower

## Blower DREB XL

External blower

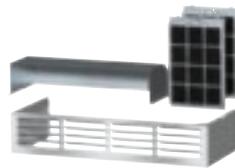

- Suitable for DAR 1220 and DAR 1230 as well as DAR 1120 and DAR 1130 Range Hood
- XL blower with nominal output of 700 cfm
- Can be combined with 30" and 36" wide Rangetops
- Required for installed Range Hood appliances with external blower

## Blower DREB XXL

External blower

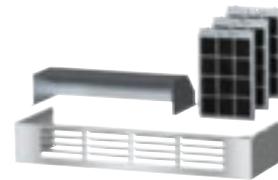

- Suitable for DAR 1230 and DAR 1250 as well as DAR 1130 and DAR 1150 Range Hood
- XL blower with nominal output of 1100 cfm
- Can be combined with 36" and 48" wide Rangetops
- Required for installed Range Hood appliances with external blower

## Recirculation Kit DRUU30

Kit for conversion of a Range Hood to recirculation mode

- For using the Range Hood as recirculation model
- Suitable for DAR 1220 Range Hood
- Set consists of chimney piece, casing for active charcoal filter and active charcoal filter
- Simple installation of active charcoal filter: installation of casing behind the baffle filter

## Recirculation Kit DRUU36

Kit for conversion of a Range Hood to recirculation mode

- For using the Range Hood as recirculation model
- Suitable for DAR 1230 Range Hood
- Set consists of chimney piece, casing for active charcoal filter and active charcoal filter
- Simple installation of active charcoal filter: installation of casing behind the baffle filter

## Odour filter with active charcoal DKF 23-1

- For recirculation kit DRUU 30 for Range Hood
- Contents: 2 filter

## Odour filter with active charcoal DKF 24-1

- For recirculation kit DRUU 36 for Range Hood
- Contents: 3 filter

# Miele ForeverCare

## Delivery, Installation, Customer Service

### Miele ForeverCare

With Miele ForeverCare, you get a guarantee. A guarantee that our commitment to you extends far beyond the point of purchase. Rather, we'll provide unparalleled service throughout the very long life of your machine. We are confident in offering you exceptional customer service.

#### Visit The Miele Experience Centre

Miele Experience Centres are open to the public to provide the complete Miele experience and are located in four cities across Canada: Montreal, Toronto, Calgary, and Vancouver.

HAVE QUESTIONS?  
 Please ask your Miele Chartered Agent for more information or go to [miele.ca](http://miele.ca)

### What is Miele ForeverCare?

Miele provides unique advantages to our customers with a combination of features unparalleled in the appliance category, namely:

#### Manufacturer-Direct Service

If you ever have a problem with your Miele machine, our own Miele Factory Service Technicians will take care of it. Most problems can be solved on the first visit, as we know the exact model you have and carry the genuine Miele parts you will need.

#### Extended Warranty from the Manufacturer

We want you to enjoy a long and trouble-free experience with our machines. In addition to the standard warranty, we have Miele Extended warranty. This direct offer from Miele allows you to increase your hassle-free coverage up to 10 years. The extended warranty relationship remains strictly with Miele, so you can deal directly and exclusively with us if you have any issues.

#### Miele Custom Plans

The chart below illustrates how you can upgrade the benefits of ForeverCare.

#### Manufacturer Delivery and Installation

We want your machine to work perfectly from the first time you use it. So, we offer delivery and installation in your home ourselves, with our Miele-dedicated service team. Installation can be organized within 48 hours of ordering through the Miele Customer Care Centre, and your delivery is tracked with GPS so we can provide you with a near exact time of delivery.

#### Miele CareCollection

To ensure you make the most of your Miele appliance, we've created a range of everyday and specialty products available for purchase. From laundry detergent to dishwasher tablets and a variety of cooking accessories, these products are designed specifically for your appliance, ensuring better results and a longer, hassle-free lifespan.
